DRASTIC BILL MAY STOP CARD PLAY IN CLUBS

ALBANY, N. Y., May 5.—By a decisive vote, the senate today passed the Agnew-Perkins anti-race track bill, which makes the present prohibition against book-making on race tracks apply to such offenses when practiced "with or without writing" and also the bill repealing that section of the law which exempts trustees or directors of race tracks from liability for permitting gambling at their tracks.

A third bill making corporations or individuals keeping betting or gaming establishments liable for gambling, carried on there with their consent, was amended.

It is stated that by a strict interpretation of this bill it might be construed to prohibit card playing in clubs, and the amendment offered confines the application of the measure solely to race tracks.

When the two bills that passed today were handed down in the assembly, Assemblyman Clarke, who represents the Gravesend district, where there are two race tracks, objected to the reception. They will go to the rules committee tomorrow.

TAFT THINKS RIGHT

So Says Paris Newspaper in
Regard to Policy in
Manchuria

PARIS, May 5.—The Temps, commenting on Taft's speech in Pittsburgh, expresses the opinion that any attempt to resuscitate Knox's plan for the neutralization of the Manchurian railways is doomed to failure. In remarks on the open door in China, the paper thinks, Taft has placed his finger on the true cause of the conflict between Washington and Tokio—that of commercial supremacy of the Pacific.

However, the Temps does not consider the issue threatening.
